

NEXT STEPS TO BLOCK ALLURA:

Unfortunately, the Collier County Planning Board passed Stock's proposal for Allura Apartments with a 4 to 2 vote. While the number of apartments has been reduced to 304, we still feel this is an untenable project in this location. All is not lost yet. Next, it will go before the elected Collier County officials for a vote in February. All we need to do is to email and or call their offices (all 6 of them) with, "Do not vote for Allura or you lose our vote!" They log the number of phone calls and emails received. As their constituents, they should care about our vote so everyone (all voting member of your household) please call or send a simple email. No need for a long letter, **just let your voice be heard in the next 2 weeks!**
